PROPOSAL & QUOTE

Lone Peak Franchise Group

Website Redesign & SEO Proposal

PREPARED FOR	WEBSITE	PREPARED BY	DATE
Eddie Edmunds	www.lonepeakfranchising.com	Leanne Digital	November 5, 2026

Overview

Hi Eddie,

It was great meeting you and learning more about Lone Peak Franchise Group, your background in business development and the work you're doing with other service-based businesses.

Following our conversation, we completed an initial SEO audit of your website using Ubersuggest.

Your website is a good starting point, but there are opportunities to improve its design, strengthen its search visibility and make it easier for prospective franchise buyers to connect with you.

As discussed, we've outlined two development options for your website: a WordPress redesign and a React-based, AI-managed website. Both include custom design, foundational SEO and a focus on generating qualified inquiries.

I've also included an overview of our other services and general pricing for potential future collaboration.

PART 1: LONE PEAK FRANCHISE GROUP WEBSITE

Initial Website & SEO Audit

We reviewed your website through Ubersuggest to identify opportunities for improving its organic search visibility.

Current SEO Performance

74/100 Website Health Score	**0** Estimated Monthly Organic Traffic	**3/100** Domain Authority	**35** SEO Issues Identified
13 Pages Missing Meta Descriptions	**4** Pages Flagged for Low Content	**10** Pages with Short or Long Titles	

Source: Ubersuggest, November 5, 2026. Organic traffic is an estimate and may differ from your actual Google Search Console data.

During our call, you mentioned that you're beginning to see impressions in Google Search Console but aren't generating many clicks yet.

This suggests your website is beginning to appear in search results, but there's still work to do to improve its visibility and encourage people to visit.

Our Key Findings

1

SEO Titles & Meta Descriptions

Several pages are currently using generic titles, including:

- × `Home – WordPress`
- × `About – WordPress`
- × `E–2 Visa – WordPress`

These titles don't clearly communicate your services or take full advantage of relevant search terms.

The audit also identified 13 pages missing meta descriptions.

We recommend updating these elements so your pages better communicate their purpose to search engines and potential visitors.

2

Website Content & Keyword Targeting

Some pages have relatively limited content, including your FAQ and portfolio pages.

We also identified opportunities to better target searches related to:

- Franchise consulting services
- Franchise brokers
- Franchise ownership opportunities
- E-2 Visa franchise opportunities
- Franchise investment guidance

The goal is to make sure your website answers the questions prospective franchise buyers are asking and provides clear information about how you can help.

3

Technical SEO

The audit identified technical items that warrant further review, including indexing settings, website titles and URL structure.

We'd also review your sitemap, internal linking, structured data and overall website organization to make sure search engines can properly access and understand your content.

4

Website Design & Lead Generation

Your website should reflect the expertise and personal guidance you provide as a franchise consultant.

We'd recommend improving the overall visual design, strengthening your messaging and making it easier for visitors to understand your process and book a consultation.

Your Website Development Options

We offer two approaches to website development. Both include professional design, technical implementation, foundational SEO and launch support.

The main difference is how the website is built and managed after launch.

OPTION A RECOMMENDED

WordPress Business Website

$4,500 CAD

A custom-designed WordPress website developed using Elementor.

WordPress provides a familiar content management system, allowing you to publish blog posts, edit text and make regular updates without needing a developer.

WEBSITE STRATEGY & DESIGN

- ✓ Discovery and website planning
- ✓ Sitemap and content organization
- ✓ Custom homepage design in Figma
- ✓ Design and development of up to 10 pages
- ✓ Improved navigation and user experience
- ✓ Responsive design for desktop, tablet and mobile
- ✓ Two rounds of design revisions

DEVELOPMENT & FUNCTIONALITY

- ✓ WordPress and Elementor development
- ✓ Contact and consultation inquiry forms
- ✓ Integration with an existing booking system, where compatible
- ✓ Website performance optimization
- ✓ Cross-device testing and quality assurance

OPTION B

React / AI-Managed Website

STARTING AT

$4,500 CAD

A custom-designed website developed using a modern React-based framework, with AI-assisted workflows available for ongoing website management and technical improvements.

This approach offers greater flexibility for custom functionality, performance optimization and developer-managed updates.

WEBSITE STRATEGY & DESIGN

- ✓ Discovery and website planning
- ✓ Sitemap and content organization
- ✓ Custom homepage design in Figma
- ✓ Design and development of up to 10 pages
- ✓ Improved navigation and user experience
- ✓ Responsive design for desktop, tablet and mobile
- ✓ Two rounds of design revisions

DEVELOPMENT & FUNCTIONALITY

- ✓ React-based website development
- ✓ Performance-focused technical architecture
- ✓ Contact and consultation inquiry forms
- ✓ Integration with an existing booking system, where compatible

FOUNDATIONAL SEO

- ✓ Keyword research for your core services
- ✓ SEO titles and meta descriptions for included pages
- ✓ Heading and page structure optimization
- ✓ Internal linking improvements
- ✓ XML sitemap and indexing review
- ✓ Appropriate structured data
- ✓ Technical SEO corrections within the agreed scope
- ✓ Google Analytics and Search Console configuration

LAUNCH & SUPPORT

- ✓ Website launch
- ✓ WordPress training session
- ✓ 30 days of post-launch support

Best suited for: Businesses that want a professionally designed website while maintaining control over their own content and blog posts.

- ✓ AI-assisted development and technical management setup
- ✓ Cross-device testing and quality assurance

FOUNDATIONAL SEO

- ✓ Keyword research for your core services
- ✓ SEO titles and meta descriptions for included pages
- ✓ Heading and page structure optimization
- ✓ Internal linking improvements
- ✓ Search engine crawlability and indexing setup
- ✓ Appropriate structured data
- ✓ Technical SEO implementation within the agreed scope
- ✓ Google Analytics and Search Console configuration

LAUNCH & SUPPORT

- ✓ Website deployment and launch
- ✓ Guidance on the website management process
- ✓ 30 days of post-launch support

Ongoing AI-Managed Website Maintenance: Starting at $150 CAD/month, depending on hosting and support requirements.

Best suited for: Businesses that prefer a modern, technically flexible website and are comfortable having a developer manage ongoing updates.

Unlike WordPress, a React website doesn't automatically include a visual content editor. If you'd like to manage blog posts and content independently, we would need to explore a separate content management system.

Comparing Your Options

FEATURE	WORDPRESS	REACT / AI-MANAGED
Starting Investment	$4,500 CAD	$4,500 CAD
Pages Included	Up to 10	Up to 10
Custom Design	Included	Included
Foundational SEO	Included	Included
Mobile Responsive	Yes	Yes
Edit Your Own Content	Yes	Requires additional setup
Publish Your Own Blogs	Yes	Requires a CMS or developer
AI-Assisted Technical Workflows	Optional	Included in setup
Ongoing Developer Support	Optional	Generally recommended
Ongoing Maintenance	Available separately	From $150 CAD/month

Our Recommendation

Based on our discussion, we'd recommend **Option A: WordPress Business Website**.

Since you're already familiar with WordPress and Elementor, it makes sense to continue using a platform that allows you to manage your own blog posts and website content.

The SEO issues identified in our audit can also be addressed within WordPress, meaning you don't need to change platforms to improve your search visibility.

However, if you're interested in exploring AI-assisted website management and prefer having our team handle technical updates, the React option is worth considering.

Both options would provide Lone Peak Franchise Group with a professionally designed website and a stronger foundation for future SEO efforts.

PART 2

Future Website & SEO Collaboration

We also enjoyed hearing about the businesses you're currently working with, particularly in the home services industry.

There could be some interesting opportunities for us to collaborate on website design, development and technical SEO projects in the future.

At the moment, we're focused on our existing client commitments and aren't taking on new white-label partnerships.

However, we'd be happy to revisit that conversation once we've had the opportunity to work together on your website.

For reference, I've included our standard starting rates to give you an idea of what future projects could cost.

Website Design & Development

SERVICE	STARTING PRICE (CAD)
One-Page Website	**$2,000**
WordPress Business Website, up to 10 pages	**$4,500**
WordPress Growth Website, up to 15 pages	**$7,000**
Advanced Website	**$10,000**
Additional Standard Page	**$400**
SEO-Focused Service or Location Page	**$500**
Landing Page	**$1,500**

Monthly SEO Packages

SERVICE	STARTING PRICE (CAD)
Monthly SEO	**$1,000/month**
Advanced SEO	**$1,500/month**
Technical SEO & AEO	**$500/month**

SEO & Digital Marketing Services

Our SEO work focuses on improving website visibility, technical performance and lead generation. Services include:

- ✓ Technical SEO audits and implementation
- ✓ Keyword research and content strategy
- ✓ On-page SEO and internal linking
- ✓ Local SEO and Google Business Profile optimization
- ✓ Service and location page development
- ✓ Structured data and AI search optimization
- ✓ Google Analytics and conversion tracking
- ✓ Ongoing SEO monitoring and reporting

These are our standard starting rates, not formal white-label pricing. If we explore a partnership in the future, we can discuss individual project requirements, responsibilities and pricing arrangements at that time.

PROJECT INVESTMENT & NEXT STEPS

Website Development Pricing

PACKAGE	INVESTMENT
Option A: WordPress Business Website	$4,500 CAD
Option B: React / AI-Managed Website	Starting at $4,500 CAD

Both packages include up to 10 pages, custom website design, foundational SEO, responsive development and 30 days of post-launch support.

Payment Terms

For a $4,500 CAD project:

PAYMENT	AMOUNT
Initial Deposit (50%)	**$2,250 CAD**
Final Payment (50%)	**$2,250 CAD**
Total	**$4,500 CAD**

- Estimated project timeline: 4 to 6 weeks, subject to final scope and feedback
- Two rounds of design revisions included
- Additional pages and major functionality quoted separately
- Extensive new copywriting and ongoing monthly SEO not included
- Hosting and ongoing maintenance are quoted separately

> **A Note About Currency**
>
> Leanne Digital is based in Canada, and all our pricing and invoices are in Canadian dollars.
>
> As a US client, you'll benefit from the exchange rate. For example, at an illustrative rate of $1 CAD = $0.71 USD, a $4,500 CAD website would be approximately $3,200 USD.
>
> Your invoice would remain in Canadian dollars. The actual US-dollar equivalent will depend on the exchange rate and payment provider fees at the time of payment.

How to Get Started

If you'd like to move forward, simply reply to the email accompanying this proposal and let me know which website option you're interested in.

From there, we'll confirm the pages and features included in your project, finalize the scope and send over the agreement and deposit invoice.

Once everything is approved, we'll schedule a kickoff meeting and begin the design process.

If you'd prefer to talk through the differences between WordPress and React before making a decision, we're also happy to arrange another call.

Thanks again for taking the time to meet with us, Eddie. We enjoyed learning more about your business and would welcome the opportunity to work with you.
